Disclaimer

This presentation may contain forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, availability of real estate properties, competition from other companies and venues for the sale/distribution of goods and services, shifts in customer demands, customers and partners, changes in operating expenses, including employee wages, benefits and training, governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business. You are cautioned not to place undue reliance on these forward looking statements, which are based on current view of management on future events.

Capital Management to Secure Future Growth

1. High level of Financial Flexibility
   – Protected downside, ready for upside
   – Courage & conviction to be ahead of the curve

2. Raise funding when market is conducive
   – Deleveraged early & rapidly from a position of strength
     • 5 Equity Issues (CapitaLand, CMT, CCT & Australand) raised ~ S$5bn
   – Secured long term debt in size
     • Latest CB issue upsized to S$1.2bn (2.875%, 2016 maturity)

3. Maintained high cash position, low D/E
   – Maintain strong reputation in debt and equity markets
   – Positioned to seek opportunities
4. **Demonstrated Financial Strength Beyond Doubt**
   - Assessed there would be Global Flight to Quality in Equity & Debt markets
   - Proven: Strong re-rating of CapitaLand once Rights Issue announced
   - Highly liquid free-float and large market cap are competitive advantages
   - Financial strength and Franchise leadership attracting investors & lenders

5. **Stabilised S-REIT Sector**
   - CMT, CCT re-rated by analysts and investors
   - Triggered new equity flows into S-REIT sector
   - Reaffirmed capital recycling model
### Deleveraged Balance Sheet

- **Proforma post CB issuance:** average debt maturity will increase to 4.4 years and cash will increase to S$5bn.
- **If all convertible bonds are redeemed on their respective put option dates,** the average debt maturity of the Group will then be 3.48 years as at 31 July 2009.
Our Take on Capital Management

1. **Capital Management is Critical**
   - Business franchise, growth and capital management alignment
   - Able to withstand stresses through cycles
   - Especially for cyclical and capital intensive industries

2. **Quality of Earnings, Strong Liquidity A Differentiator**
   - Quality of earnings key component of financial resilience
   - Liquidity is “invisible”, except when you need it
   - S$4bn+ core debt in excess of 6 years maturity

3. **Golden Reputation Key to access Capital Markets**
   - Investor confidence is an invaluable advantage

4. **Acceptable Gearing Range: 0.50x to 0.75x**

CapitaLand Presentation *September 2009*
Tapping on Opportunities Ahead

• Market Outlook
  – Investor appetite returning
  – Corporate pension funds from North America, and investors from Europe & Asia have unfilled capital allocation for Asian PE investments
  – Emerging preference for niche group of quality fund managers

• CapitaLand is in a unique position to tap on opportunities:
  1. Core development expertise
  2. Robust integrated fund & property management platform
  3. Able to leverage on real estate domain knowledge in core markets of China, Singapore, Australia and Vietnam
Business Update
