Disclaimer

This presentation may contain forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, availability of real estate properties, competition from other companies and venues for the sale/distribution of goods and services, shifts in customer demands, customers and partners, changes in operating expenses, including employee wages, benefits and training, governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business. You are cautioned not to place undue reliance on these forward looking statements, which are based on current view of management on future events.

< 20% of Total Debt is Maturing in Any One Year

Assumption: convertible bonds with full tenor
Diversified Funding Sources

Consistent Access to the Capital Markets
The Group has been Prudent with its Asset Liability Matching.
Interest Rate Hedged Portfolio

Balance of Fixed & Floating Rate Instruments to Manage Costs and Interest Rates Risk
Total of ~S$10b Raised Across the Group

Bank Loans
- S$6,908m loans raised
- Participation by >25 banks

Bonds
- S$800m in CMBS
- S$650m of S$ bonds
- S$500m of S$ retail bonds

Equity
- S$448m in equity

Convertible Bonds
- S$350m in Convertible Bonds

PE Funds
- Raised ~S$390m from PE Funds

Proactive Fund-Raising to Support Growth and Preserve Financial Flexibility

1 Includes only major financings/loans raised
Aggressive Growth with Disciplined Financial Management

- Low gearing of 0.31x and healthy cash reserves of S$6.3b
- Capacity to seek strategic investments
- Remain disciplined in our investment management
Outlook
Singapore Outlook

- **Short term uncertainty & market softening due to macroeconomic conditions and Singapore Government cooling measures on residential market**
- **CL is well-positioned to manage volatility:**
  - Residential portfolio strategically located and well differentiated
  - Re-constitute Grade A office portfolio to cushion negative rental reversion
  - Shopping malls to benefit from rental growth arising from AEIs and new completion
  - Strong liquidity position
- **Leadership position in multi-sector business offers growth opportunities**
China Outlook

- **Short-term impact to residential market due to:**
  - Measures to restrict purchase of residential properties,
  - Credit tightening measures affecting real estate companies

- **Commercial projects continue to see positive growth in rentals**

- **Serviced Residence projects continue to see growth**

- **CL is well positioned**
  - Diversified across various real estate sectors
  - Increased presence in key cities
  - Net cash position in China
  - Banks remain supportive of CapitaLand
Summary

• Despite multiple global financial crises, CL achieved 10 years of Profitability with last 6 consecutive years of $S1b

• Focus on opportunities in Asia, particularly Singapore, China & Australia

• Maintain leadership position in real estate sectors

• Prudent capital management

• Strong financial position

• Management bench strength and proven execution

• Good track record

• Full suite of design & development expertise
Thank you
