Disclaimer

This presentation shall be read in conjunction with A-HTRUST's Annual Report for the financial year ended 31 March 2019 ("FY2018/19"), and Unaudited Financial Results for the First Quarter ended 30 June 2019 ("1Q FY2019"), copies of which are available on www.sgx.com or www.a-htrust.com.

This presentation may contain forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends and foreign exchange rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of average daily room rates and occupancy, changes in operating expenses, including employee wages, benefits and training, property expenses and governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business. Investors are cautioned not to place undue reliance on these forward looking statements, which are based on the Managers' current view of future events.

The Australian Dollar, Japanese Yen, Korean Won and Singapore Dollar are defined herein as "AUD", "JPY", "KRW" and "SGD" or "S\$", respectively.

Any discrepancies in the figures included herein between the individual amounts and total thereof are due to rounding.

Well-diversified portfolio (cont'd)

 Good mix of hotels under master leases and management contracts to provide stable income with upside potential.

• Caters to different guests requirement while tapping on the expertise of different hotel operators.

Rebalancing portfolio

- The portfolio of A-HTRUST has been actively rebalanced as part of its development since listing in July 2012:
 - Added income stability –
 Since the listing of AHTRUST in July 2012, the
 hotels acquired were all
 under master leases,
 which improved the
 income stability of the
 trust
 - ✓ Further geographical diversification With investments in new markets such as Osaka, Singapore and Seoul post-listing, the portfolio is presently well-diversified

Further diversification

Valuation breakdown as at 31 March 2018

Valuation breakdown as at 31 March 2019

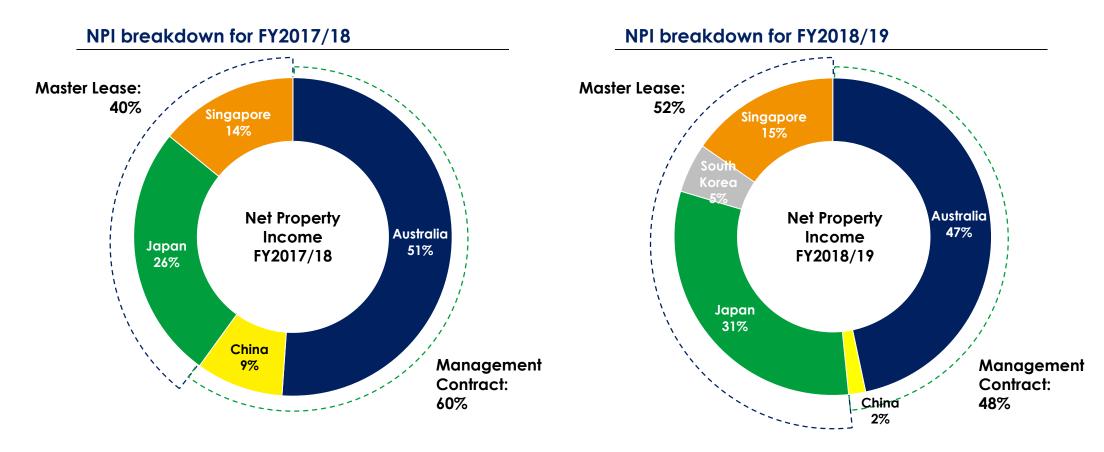

- The acquisitions are consistent with the objective of A-HTRUST to invest in a well-diversified portfolio.
- With a diversified nature of the portfolio, A-HTRUST is likely to be less affected by both the macroeconomic and microeconomic conditions of any single market.

^{1.} Based on A-HTRUST's interest in each of the properties.

Added income stability

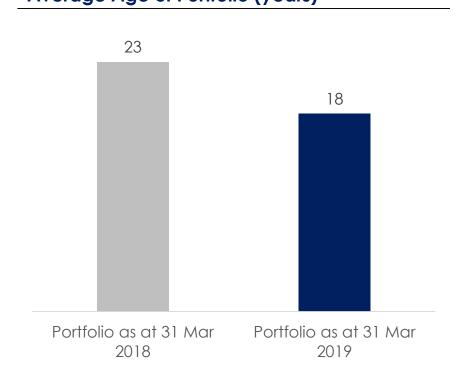

- The two hotels in Beijing which were divested were both on management contract arrangements.
- The Splaisir Seoul Dongdaemun, ibis Ambassador Seoul Insadong and the three WBF-branded hotels are all on master leases, further improving the income stability of the portfolio.

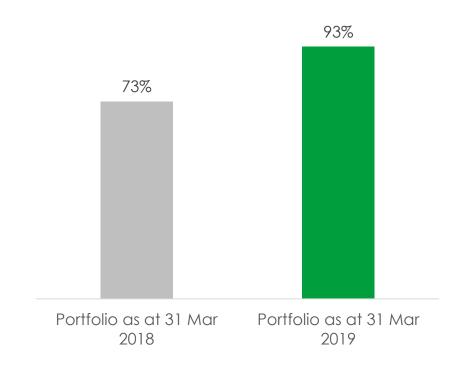

Younger portfolio with more freehold assets

Mitigating currency and interest rate risks

1

Foreign currency hedging policy for distribution

Systematic hedging approach using currency forwards up to 15 months (5 quarters) in advance to smoothen volatility.

(2)

Foreign currency hedging policy for balance sheet

To protect the capital values of foreign assets against foreign currencies movements, borrowings are matched in the same currencies of these assets to achieve a natural hedge.

(3)

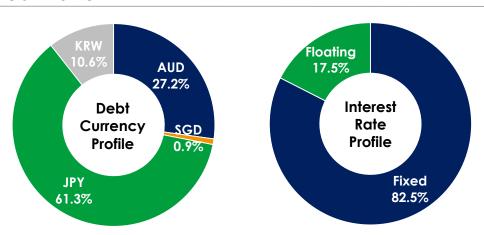

Interest rate hedging policy

More than 50% of borrowings are on fixed rate so as to mitigate interest rate volatility.

- 1. Calculations computed for illustrative purposes only not a forward looking projection. Key assumptions in preparing the pro forma financial effects include:
 - a) A-HTRUST Stapled Unitholders to receive in aggregate \$\$61.8MM cash and 902.8MM Ascott Reit-BT Stapled Units
 - b)The pro forma financial effects are prepared based on A-HTRUST's audited financials for the year ended 31 March 2019 and Ascott Reit's audited financials for the year ended 31 December 2018
 - c)The Combined Entity to have payout ratio in line with Ascott Reit's historical payout ratio of 100%. The \$\$5.1MM of distributable income withheld for working capital by A-HTRUST for the year ended 31 March 2019 is assumed to be distributed on pro forma basis. The Combined Entity to fund such distribution from existing cash balances
 - d)The cash component and transaction expenses are funded through debt facilities
 - e) Ascott Reit elects to waive 50% of its acquisition fee with respect to the Combination
 - f) Pro forma distribution per unit calculated by multiplying Combined Entity's pro forma distribution per unit by the exchange ratio of 0.836 and assuming the Cash Consideration is reinvested in the Combined Entity at the issue price of \$\$1.30 per Ascott Reit-BT Stapled Unit
- 2. Assumes transaction was completed on 1 April 2018
- 3. Assumes transaction was completed on 31 March 2019
- 4. Assumes write-off of premium over NAV and excluding transaction costs. Including transaction costs, pro forma NAV per A-HTRUST Stapled Unit would have been \$\$1.01 implying a dilution of 0.7%

Benefits of the transaction

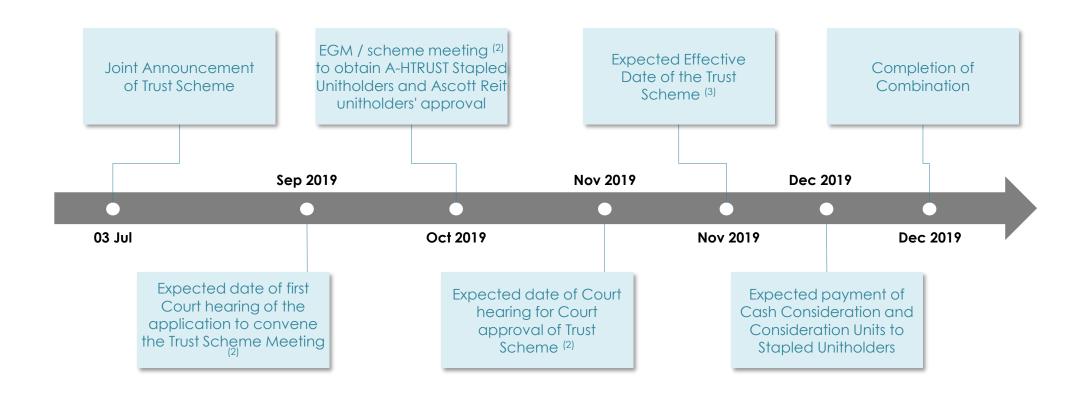

- 1. As at 31 March 2019
- 2. Includes lyf one-north Singapore for Ascott Reit
- 3. VWAP with reference to 12 months up to and including 2 July 2019

- Full-quarter contribution from all five hotels acquired in FY2018/19.
- Australia portfolio impacted by weaker AUD against SGD.

Added income stability

1Q FY2018/19 Net Property Income

1Q FY2019 Net Property Income

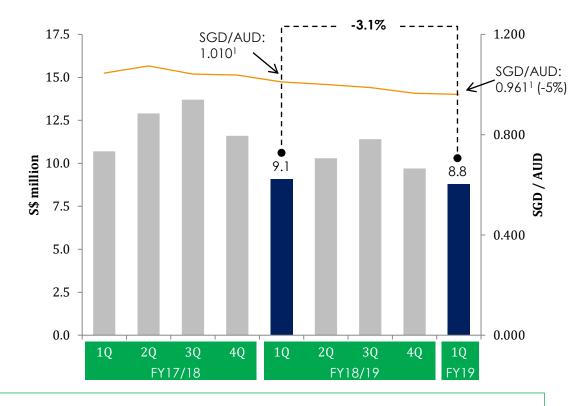

• The five hotels acquired in FY2018/19 are all under master leases and have contributed on a full-quarter basis in 1Q FY2019, resulting in added stability to the overall income of the trust.

Australia – Respite amidst headwinds

Net Property Income in AUD

+2.1% 15.0 10.0 **AUD** million 5.0 0.0 2Q 3Q 2Q 3Q 1Q FY17/18 FY18/19

- Headwinds in Sydney and Melbourne markets resulted in RevPAR decline of 2.2% y-o-y. Despite the challenges, the performance of Pullman Sydney Hyde Park improved on the back of stronger conference and events business during the quarter.
- Hotel in Melbourne received refund of land tax surcharge to post higher NPI, while performance of Brisbane hotel improved driven by growth in both occupancy and average room rates.

- Full-quarter contribution from both The Splaisir Seoul Dongdaemun and ibis Ambassador Seoul Insadong resulted in the NPI from South Korea improving by more than 3 times compared to the same quarter last year.
- The underlying performance of both hotels improved as RevPAR of the two hotels increased by approximately 10% y-o-y on average.

^{1.} Based on average rate used for the respective quarter.

Singapore – Master lease mitigates downside

- The underlying performance of the hotel was affected by lower transient and corporate business during the quarter.
- However, this was mitigated by the master lease arrangement and the contribution from the Park Hotel Clarke Quay was relatively stable compared to the corresponding quarter last year.
